## WELCOME TO THE 8TH ISSUE OF EVERSAFE ACADEMY JOURNAL FOR MAY 2023.

“I am happy to see that our worker training and upgrading programmes are progressing well. They are helping many workers to upskill and reskill, to be ready to seize opportunities in the new economy. Employers, too, are making the effort to maximise the potential of their workforce, providing training opportunities and encouraging their workers to take them up. More and more employers are accommodating the changing needs of workers, such as by implementing flexible work arrangements and redesigning jobs for older workers. This helps to improve productivity, and also to retain talent.”

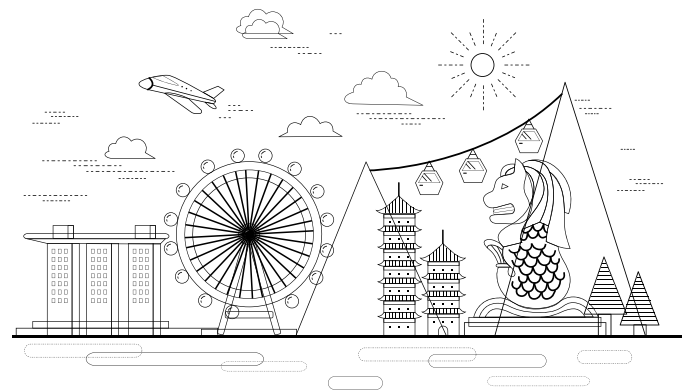

**- Prime Minister Lee Hsien Loong**

## WORLD ECONOMIC FORUM – THE GROWTH SUMMIT 2023

“WEF Panel Discussion - Skills for Growth: Creating a Future-Ready Workforce  
6 lessons from Singapore on upskilling for the future”

### SkillsFuture Singapore

As part of Singapore’s May Day celebrations and acknowledgement of all workers and working professionals for Labour Day, an article from the World Economic Forum (WEF) on the skills upgrading in Singapore was published, signalling a global recognition of Singapore’s efforts in upskilling its workforce for the future.

## 6 LESSONS FROM SINGAPORE ON UPSKILLING WORK FOR THE FUTURE:

1. Upskilling and reskilling proactively
2. Linking business strategy with skill strategy
3. Thinking green
4. Investing in upskilling
5. Designing for an aging workforce
6. Balancing local with international talent

EVERSAFE ACADEMY PTE LTD**

## ● IMPLEMENTATION OF TRAINER QUALITY ASSURANCE (TQA) FOR NEW TRAINERS

Eversafe Academy is always dedicated to ensure the provision of high quality trainers for the professional training and learning of adult learners in our courses.

One of our key approaches to meet this directive is the implementation of our Trainer Quality Assurance (TQA) process for the recruitment of new trainers, whereby potential trainer candidates are vigorously screened through various stages to demonstrate their teaching competencies and verification of professional qualifications.

The complete TQA process is now automated on our portal as part of our Digital Ecosystem. Our TQA portal is now fully functional for the recruitment of high quality trainers and we are most pleased to share that we have engaged quite a number of competent trainers for our courses, towards the provision of high quality education for our adult learners.

## ● FLYING SQUAD INSPECTION OF ASSESSMENT SESSIONS

We have also started an inspection approach – Flying Squad Inspection, towards the preservation of high standards in the conduct of assessment in all our courses.

Our Flying Squad Inspector will perform silent observations of assessments and invigilation being conducted across our 4 training branches, with the observations recorded in our Flying Squad Inspection Dashboard, which is now part of our Digital Ecosystem, on the quality of assessments being performed by our trainers and assessors.

## ● TRAINER APPRECIATION FOR PERFORMING HIGH QUALITY ASSESSMENT AND INVIGILATION

Based on the observations in our Flying Squad Inspection Dashboard, letters of appreciation will be issued to trainers and assessors who were observed conducting high quality assessment and invigilation sessions for our adult learners in their course assessments. Trainers or assessors who were observed with room for improvement in their assessment sessions will be alerted on the areas of deviation for rectification and improvement.

## ● IMPLEMENTATION & REVISION OF POLICIES, DOCUMENTS AND PROCESSES FROM EDU TRUST GD3 TO EDU TRUST GD4 FOR COMPLIANCE

The EduTrust Guidance Document Version 4 requirements is a framework to help PEIs put in place effective and efficient systems and processes, producing outcomes leading to high quality education services. Eversafe Academy, awarded a 4-year EduTrust Accreditation quality standard mark in 2022, is committed to excellence in quality teaching and student experiences and providing a higher standard of educational services as a registered Private Education Institute.

Our commitment includes the adoption of the new GD4 in the review and alignment of our processes and systems to the revised EduTrust requirements.

# OUR ACHIEVEMENTS

WE HAVE SUCCESSFULLY TRAINED AND GRADUATED  
655,859 STUDENTS.

# FEATURES & HIGHLIGHTS

## 1ST BATCH OF INTERNATIONAL STUDENTS IN EA

We welcome our first batch of International Students starting their classes on 17th April 2023 in the Diploma in Quantity Surveying.

## EA SAFETY COMMITTEE –1ST MEETING

Our EA Safety Committee was created comprising of EA Management and selected highly experienced WSH Trainers with a focus on the daily safety surveillance and safety reviews of our 4 training branches. Our first meeting was conducted on 10th April 2023 at our Wan Lee training branch to discuss the results and rectifications from the safety reviews of all 4 training branches.

# FEATURES & HIGHLIGHTS

## MARKETING CAMPAIGN AT TAI SENG MRT

We have conducted a 3-day awareness programme via a Marketing Campaign at Tai Seng MRT on 19th, 20th and 21st April 2023. We were most gratified by the enquires and responses from the commuters as our marketing team provided course matching advice and related information for upskilling and career advancement.

## YOGA CLASSES AT EVERSAFE ACADEMY

EversafeAcademy has prepared a training space for conducting Yoga classes in all our 4 training branches since the month of March 2023.

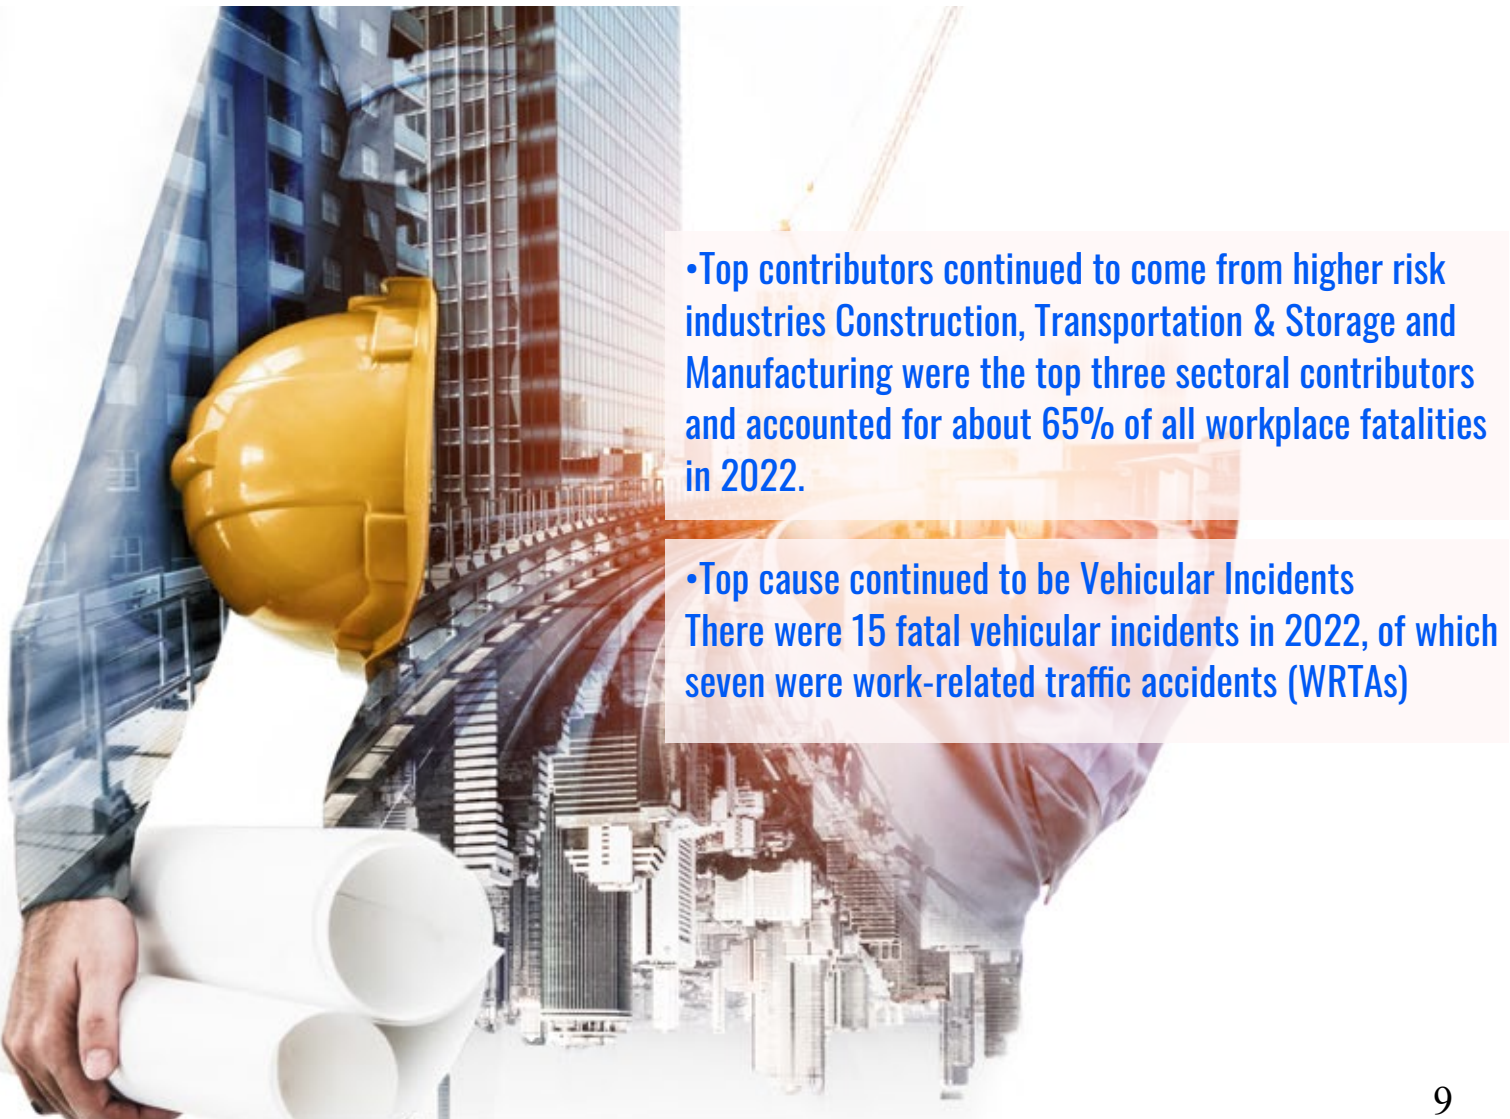

## Highlights from WSH Statistics Report 2022

Workplace fatalities abated with implementation of Heightened Safety Period (HSP)

There were 46 workplace fatalities last year compared to the 37 fatalities in 2021. This translated to a workplace fatality rate per 100,000 workers of 1.3 in 2022, higher than that of 1.1 in 2021.

•Top contributors continued to come from higher risk industries Construction, Transportation & Storage and Manufacturing were the top three sectoral contributors and accounted for about 65% of all workplace fatalities in 2022.

•Top cause continued to be Vehicular Incidents  
There were 15 fatal vehicular incidents in 2022, of which seven were work-related traffic accidents (WRTAs)

## Workplace Major & Minor Injuries

Overall decline in major and minor injury rate

Taking into account the growing workforce and HSP measures, the major injuries rate per 100,000 workers only trended down slightly from 18.5 in 2021 to 17.3 in 2022.

### • Top contributors of non-fatal injuries remained to come from higher risk industries

Construction, Manufacturing and Transportation & Storage accounted for 55% of major injuries in 2022. Construction & Manufacturing accounted for 36% of minor injuries in 2022

### • Slips, Trips and Falls (STFs) remained the leading cause of non-fatal injuries

STFs accounted for 33% of all major and 28% of all minor injuries in 2022.

In 2022, there were 200 STF-related major injuries, slightly lower than the 208 in 2021.

## NEW CLASSIFICATION FOR INCIDENT TYPES OF WORKPLACE INJURIES

✓ Workplace injuries were further analysed by incident types to better prioritise the key areas of concern for more targeted interventions and enforcement.

✓ Major injuries caused by Type A incidents (i.e., those with a higher risk of fatality such as falls from height and vehicular incidents) accounted for 35% of all major injuries in 2022 and has hovered around this figure in the last five years.

✓ Major injuries caused by Type B incidents (i.e., those with a lower risk of fatality such as slips, trips and falls, and machinery incidents) accounted for 65% of major injuries in 2022.

## Dangerous Occurrences

### Increase in Dangerous Occurrences from collapse/failure of structures and equipment

- The number of dangerous occurrences (DOs<sup>2</sup>) increased from 13 in 2021 to 27 in 2022.
- Amongst the 2022 DO cases, 20 involved Collapse/Failure of Structures & Equipment and 7 involved Fires & Explosion. The increase in 2022 was due to a rise in crane-related incidents.

## Occupational Diseases

### Occupational Diseases incidence rate rose due to heightened awareness

- The Occupational Diseases (ODs) incidence rate per 100,000 workers increased from 20.0 cases in 2021, to 29.7 in 2022.
- This increase was driven by the rise in reported Noise-Induced Deafness (NID) cases due to ongoing Enhanced Workplace Health Surveillance<sup>4</sup> (WHS+) efforts, which heightened awareness of reporting amongst doctors and employers and expanded the surveillance footprint.
- MOM will continue to increase the number of workplaces under WHS+, as well as collaborate with the WSH Council to increase awareness and implementation of workplace health programmes.

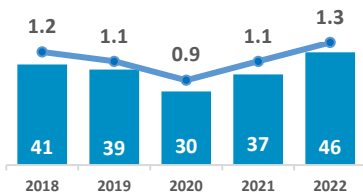

**Mr. Thanikachalam Rameshkumar**  
Head - Academic Department  
Eversafe Academy

January – December 2022

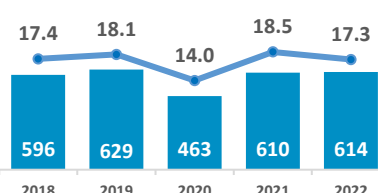

## SINGAPORE WORKPLACE SAFETY & HEALTH REPORT

Rate for workplace fatal injuries in 2022 was higher compared to 2021, while rate for total workplace injuries declined. More dangerous occurrences and occupational diseases in 2022 compared to 2021.

Fatal Injuries

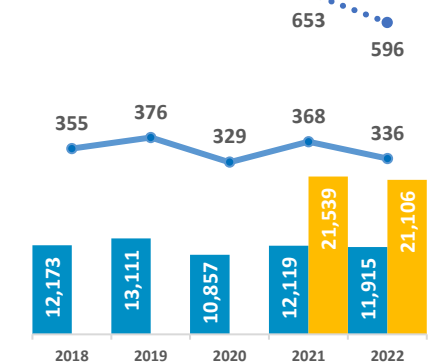

Major Injuries

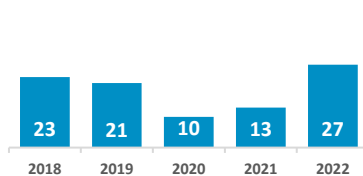

No. of Injuries/OD/DO No. of Minor Injuries [N]  
12-month Rate 12-month Rate [N]  
All rates are per 100,000 workers

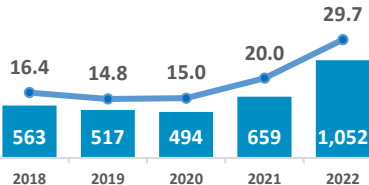

Minor Injuries

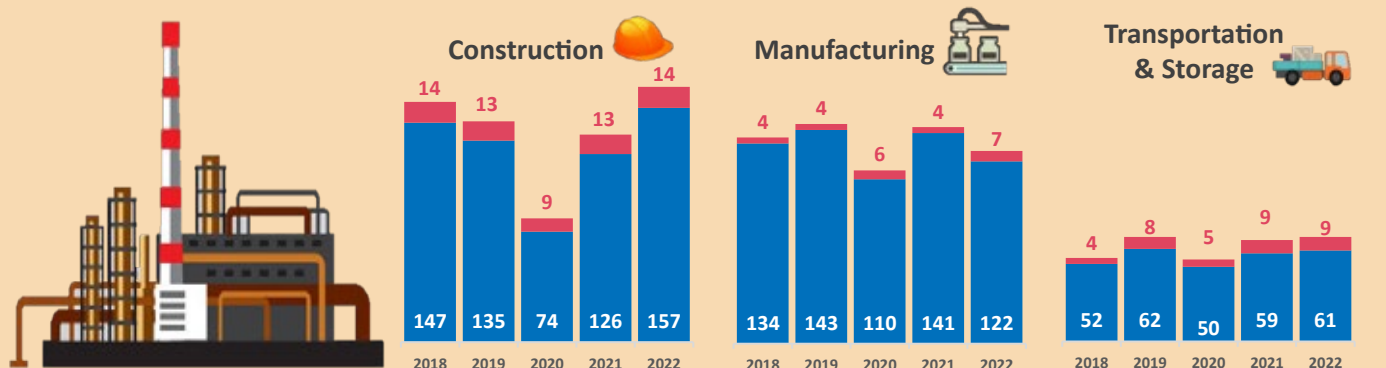

Dangerous Occurrences (DO)  
(Failure of structures or equipment)

Occupational Diseases (OD)  
Incidence

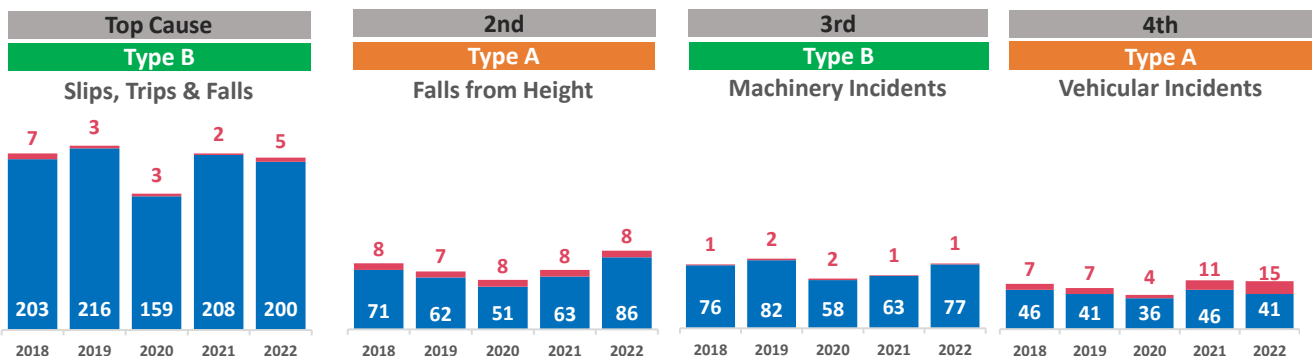

Construction, Manufacturing and Transportation & Storage remained the top three industries with the most fatal and major injuries in 2022.

Slips, Trips & Falls remained the top cause of major injuries in 2022.

Type A - higher fatality risk Type B - lower fatality risk Fatal Injuries Major Injuries

[1] The breakdown for injury numbers by sector/industry follows the Singapore Standard Industrial Classification (2015) Version 2018

[2] Following the amendments to the Work Injury Compensation Act (WICA) which took effect from September 2020, employers need to report all work injuries with any instance of medical leave or light duties. From January 2021, major and minor injury numbers shared in WSH Report, 2021 would include injuries with at least one day of light duty or medical leave issued. Numbers presented under this new series are marked with [N].

[3] Since 2022, a new sub-classification for the Incident Type (Cause) of workplace injuries have been introduced to reprioritise the key areas of concern for better interventions. Incident Type (Cause) of workplace injuries will be further classified based on their fatality risks. Refer to Workplace Safety and Health Report 2022 for more details.

## UPSKILLING FOR THE FUTURE: LESSONS FROM SINGAPORE

(A Thought Article on the highlight on Singapore's workforce by the World Economic Forum WEF -The Growth Summit 2023)

In today's rapidly changing job market, upskilling has become essential for professionals to stay relevant and competitive. Singapore, known for its commitment to skills development, offers valuable insights into navigating the future of work. By focusing on key areas of upskilling, individuals can enhance their employability and adaptability in the evolving landscape.

### 1. Computer Skills: Embracing Digital Competence

Proficiency in basic computer programs, such as Microsoft Word, PowerPoint, and Excel, is crucial across industries. These skills enable effective communication, data analysis, and streamlined work processes. Singapore emphasizes the importance of digital competence, recognizing its role in driving productivity and innovation.

### 2. Communication Skills: Connecting Effectively

Good communication skills are essential for maintaining professionalism. Singapore highlights the significance of public speaking, active listening, and conflict resolution. These skills foster clear idea conveyance, positive relationships, and adaptability to diverse work environments.

### 3. Technical Skills: Building Specialized Expertise

Specialized technical skills, such as construction, welding, plumbing, or electrical work, hold significant value in the job market. Singapore emphasizes the rewards of acquiring these skills, including better salaries and job security. As industries demand competent professionals, investing in technical expertise becomes crucial.

#### 4. Soft Skills: Nurturing Versatility

Soft skills play a vital role in professional success. Singapore recognizes the importance of teamwork, time management, adaptability, and problem-solving. These skills enable effective collaboration, project management, and successful navigation of day-to-day challenges. In addition, developing soft skills empowers individuals to thrive in dynamic work environments.

#### 5. Entrepreneurial Skills: Unlocking Opportunities

Singapore emphasizes the importance of entrepreneurial skills like marketing, finance, and business management. These skills open doors for individuals to start businesses, advance within organizations, or explore new career opportunities. In an ever-evolving economy, entrepreneurial skills enable professionals to identify market trends, drive innovation, and make informed decisions.

#### 6. Leadership Skills: Inspiring Others

Leadership skills are crucial for individuals who aspire to lead teams or organizations. Singapore recognizes the importance of developing leadership skills, which enable individuals to inspire others and drive organizational growth. These skills include strategic thinking, decision-making, and conflict resolution. By attending leadership courses and workshops, individuals can enhance their ability to motivate and inspire others, leading to greater success in their careers.

These 6 lessons from Singapore on upskilling for the future highlight the importance of continuous learning and skills development. Individuals can enhance their employability and adapt to changing job requirements by focusing on critical skills like computer, communication, technical, soft, and entrepreneurial skills. Embracing upskilling equips professionals with the necessary tools to thrive and empower them to seize new opportunities and contribute meaningfully to their respective workplaces and industries. Investing in upskilling is a pathway to long-term career success in a world driven by innovation.

**Ms. Richa Dhawan**  
Creative Head – Marketing  
Eversafe Academy

# The Reflections

Once, a dog ran into a museum full of mirrors. The museum was unique, the walls, ceiling, doors, and even floors were made of mirrors. Seeing his reflections, the dog froze in the middle of the hall surprisingly. He could see a whole pack of dogs surrounding him from all sides, from top to bottom. The dog bared its teeth and barked all the reflexes that responded in the same way. Horrified, the dog barked feverishly, the dog's reflexes followed and raised him many times. The dog barked even louder, but the echo was enlarged. The dog flung from side to side while its reflexes also stirred and cracked its teeth. The next morning, security guards at the museum found the miserable and lifeless dog surrounded by thousands of reflections of the lifeless dog. There was no one to hurt the dog. The dog died in battle with its reflexes.

## Moral of the story

The world does not bring good or evil by itself. All that is happening around us is the reflection of our thoughts, feelings, desires, and actions. The world is a big mirror.

**So let's do good!**

Mr. Rambhu Paul Dhinakaran  
Head - Human Resource

# STUDENT TESTIMONIALS

Endorsement of our Commitment to our **Students and Customers**  
Some of the endorsements and feedback from our valued Students

★★★★★

I would like to express my sincere gratitude for the assistance you provided me with my course registration. Your prompt response to my email and Whatsapp messages was impressive and made the process much smoother.

Student Name: Mr. Venkatesh  
Course Name: Level b

★★★★★

I am very glad to join with Eversafe Academy. Yesterday already i complete my BCSS from your centre. All of the teacher guide us very nicely. April 23 i am going to join diploma class. overall i am very happy to join with Eversafe Academy

Student Name: Mr. Rahman  
Mohammad Kholilur  
Course Name: DEE

★★★★★

Thank you, very helpful course that will have a big impact on my job role. I'm really enjoying the course and feel it will benefit my role, and its easily applicable to my work. Thoroughly enjoyable, informative and stimulating. Excellent course, really well delivered. Happy with Eversafe Academy! Thanks for all your love and support.

Student Name: Mr Joseph Clinton  
Jai  
Course Name: Level b

★★★★★

I am thankful to Eversafe Academy, I have received very good service from here in terms of skill development.

Student Name: Mr Selim Reza  
Course Name: SMSE

# CLIENT TESTIMONIALS

Endorsement of our Commitment to our **Students and Customers**  
Some of the endorsements and feedback from our valued Clients

**COMPANY NAME : LUFA MANPOWER PTE. LTD.**  
**COMPANY INCHARGE : MR.CHANDRAMOHAN**

I would like to extend my thanks and gratitude for your services.  
I would especially like to compliment Vimala for assisting me in the course schedule.  
She has been patient and a great help in attending to all my enquiries.  
This is the reason why I will always book the courses with Eversafe..  
Well done.. Good job.. All the best..

**COMPANY NAME : J.KEART ALLIANCES PTE LTD**  
**COMPANY INCHARGE : MS. JESSICA**

I like your prompt action assistance along you are servicing me.

**COMPANY NAME : K.A. GROUP HOLDINGS PTE LTD.**  
**COMPANY INCHARGE : MS. CAROLINE JONG**

Hi Eversafe Management, Please accept my gratitude towards Meena your customer care staff for their speedy and efficient services.I was able to complete the transaction within less than an hour thanks to their attentive and alert presence.I would especially like to commend Meena for her professionalism and superlative skills. Looking forward to more deals with Meena Eversafe!  
Five stars rating! Cheers!

**COMPANY NAME : CTCI SINGAPORE PTE LTD**  
**COMPANY INCHARGE : MS. GURU**

Excellent service!  
Ms Surya has helped us booking the classes perfectly according to our schedules. All her responses were prompt and professional.  
Thank you for the amazing support!

## 1st Place:

Our first-place winner is who walked an incredible average of 16,600 steps daily! Your commitment to daily physical activity is truly impressive and serves as a great example for others to follow. Keep up the great work and continue to prioritize your health and wellbeing!

## 2nd Place:

Our second-place winner is THANGIAH PANDIDURAI, who walked an average of 16,000 steps daily! Your determination to reach your daily step goal is commendable and your dedication to your health is something to be proud of. Keep up the great work and continue to prioritize your physical activity!

## 3rd Place:

Our third-place winner is ANAGARAJAN SUNDARAPANDDIAN APARNA, who walked an average of 15,000 steps daily! Your consistency in reaching your daily step goal is truly impressive and shows that small changes can lead to big results. Keep up the great work and continue to prioritize your physical activity for improved health and wellbeing!

# Once again, congratulations to our top 3 winners

for the month of April! Your commitment to physical activity is not only beneficial to your own health, but it also inspires others to live a healthier lifestyle. We hope you continue to make walking a part of your daily routine and enjoy the many benefits of staying active.

# HEALTH TIP OF THE DAY!

The strong scent of Mint has the ability to clear up congestion of the nose, throat, bronchi and lungs which gives relief for respiratory disorders that often result from asthma and the common cold.

## HEALTH BENEFITS OF MINT

# 8

Did you know good old mint leaves come with these powerful health benefits?

Mint leaves can do more than adding flavour to your food. They also have multiple health benefits.

**TREATS ALL YOUR STOMACH WOES**

**GIVES YOU ACNE FREE SKIN**

**BOOSTS YOUR IMMUNE SYSTEM**
