Dear Esteemed Readers,

Welcome to the latest edition, number 16, of our journal as we step into 2024. Here, we delve into diverse insights and cutting-edge perspectives. As the Managing Director, I am excited to share our unwavering commitment to staying at the forefront of knowledge and innovation in the new year.

Gratitude is extended to our contributors and editorial team for their invaluable contributions. I invite you to explore these pages, embark on an intellectual journey, and confront future challenges armed with knowledge and resilience. Here's to a year of continued exploration and growth!

International Migrant Day 2023

I am writing to share my joy and fulfillment in being part of the celebration of International Migrants Day, which took place at Little India and MOM Recreation Centres on December 17, 2023.

It was a truly enriching experience to join hands with the Singapore Bangladesh Society and sponsor \$500 to serve as a testament to the strength of diversity and the importance of fostering a sense of unity among all residents. I believe in the power of collective efforts to make a positive impact on the lives of those who have embarked on journeys in search of better opportunities.

I am grateful for the opportunity to contribute to such a meaningful cause and to support the Singapore Bangladesh Society in its endeavors. As we continue to celebrate diversity and promote inclusivity, I am optimistic about the positive changes we can collectively bring to our community.

4. INDUSTRY NEWS & TRENDS

Date: November 22, 2023

Presenter: Mr. Alvian Tan, Senior Assistant Director (Ops Management), OSH Inspectorate

Event: bizSAFE Convention 2023

Theme: Be S.A.F.E

Overview:

Mr. Alvian Tan's presentation at the bizSAFE Convention 2023 was not just a routine discussion on workplace safety but a compelling exploration of the intricate dynamics involved in cultivating a secure and productive work environment. The thematic emphasis on "Be S.A.F.E" encapsulated the essence of the session, focusing on being Savvy, Anticipating, fixing issues, and engaging the workforce for sustained improvement.

Key Points:

Be Savvy:

Mr. Alvian Tan began by urging the audience to be Savvy in understanding their operating environment. This involved a profound reflection on the major risks embedded in their respective workplaces. He underscored the need for continuous competency development and unwavering commitment to effectively address evolving workplace challenges.

MOM Measures (2022/2023):

The presentation seamlessly integrated the regulatory landscape introduced by the Ministry of Manpower (MOM) in 2022/2023. Notable measures included the extension of the Demerit Point System to the manufacturing sector and the mandatory attendance of Top Management at the Top Executive WSH Programme (TEWP) in higher-risk sectors by March 2024.

4. INDUSTRY NEWS & TRENDS

• **Anticipate:**

Anticipation was identified as a cornerstone for effective risk management and the development of a preventative WSH culture. Tan presented statistics demonstrating improvements in workplace fatal injuries rate and stable major injuries rate, stressing the significance of proactively addressing potential risks.

• **Common Causes of Injuries (1H 2023):**

Delving into the specific challenges faced, the presentation highlighted that manufacturing and construction sectors led in fatal and major injuries in the first half of 2023. Thematic enforcement operations were employed to address prevalent issues like slips, trips, falls, and machinery injuries.

• **Fix It:**

Underlining the concept of sustainable prevention, Tan emphasized the necessity to shift the perception that WSH is not worth the time and money. By dissecting common contraventions for slips, trips, falls, and vehicular/machinery injuries, the presentation aimed to equip the audience with the tools needed for effective problem resolution.

• **Engage:**

Engaging the workforce emerged as a pivotal element for the successful implementation of WSH practices. Tan introduced the Total WSH Programme, categorized safety culture maturity into four levels, and provided real-world examples to illustrate the importance of embedding a safety mindset across all organizational levels.

• **Programs and Incentives:**

The presentation explained various programs aimed at raising the capabilities of companies and workers, with special attention to supporting SMEs and providing incentives for companies leveraging technology to enhance safety measures.

4. INDUSTRY NEWS & TRENDS

Conclusion:

As Mr. Alvian Tan concluded the presentation, the overarching sentiment was a call to action. He urged the audience to strive continually for improvement, echoing the convention's theme - Be S.A.F.E. The concluding remarks emphasized not just compliance but a genuine commitment to fostering a workplace where safety and productivity coexist harmoniously.

Mr. Alvian Tan's presentation went beyond the statistics and regulations, offering a nuanced perspective on the delicate relationship, between competence, commitment, and engagement in creating workplaces that are not only safe but also conducive to the flourishing of a great workforce. The audience left with a renewed sense of responsibility and a roadmap for navigating the evolving landscape of workplace safety.

5. MOTIVATIONAL STORY

“A 24-year-old boy seeing out from the train’s window shouted...

“Dad, look the trees are going behind!”

Dad smiled and a young couple sitting nearby, looked at the 24-year old’s childish behavior with pity, suddenly he again exclaimed...

“Dad, look the clouds are running with us!”

The couple couldn’t resist and said to the old man...

“Why don’t you take your son to a good doctor?” The old man smiled and said...“I did and we are just coming from the hospital, my son was blind from birth, he just got his eyes today”.

“Every single person on the planet has a story. Don’t judge people before you truly know them. The truth might surprise you.”
